

GoSol OASIS

WATER... WHENEVER, WHEREVER!

Where there is no clean drinking water, GoSol Oasis provides clean, safe drinking water for you and your family. Able to filter unsafe surface water from lakes, ponds and streams or contaminated water from salt or freshwater pools, GoSol Oasis gives you up to 75 gallons of clean water anywhere you need it.

The self-contained and portable water filtration system is very convenient to store and use, making it perfect for camping trips, vehicle exploration or disaster survival. Compatible with multiple power sources, GoSol Oasis ensures you have water anytime, anywhere.
