Features

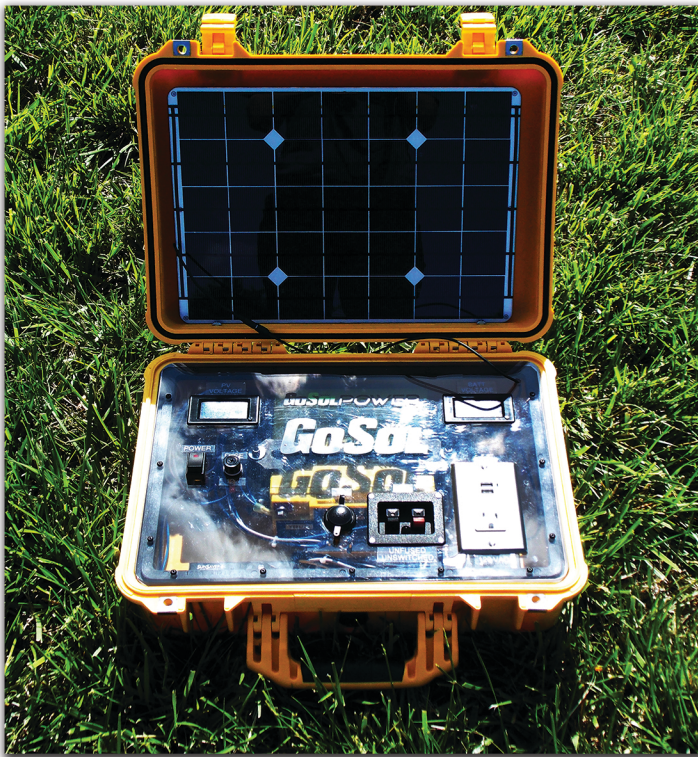

- Generates and Stores Electricity for 24-Hour Use
- 120 VAC
- USB
- High-Capacity AGM Battery Technology
- Zero Maintenance
- Wifi Capabilities
- Green Energy Technology
- Self-Contained
- Wire-Free Electricity

Ideal Applications

- Camping/Hiking
- Survivalists
- Construction
- Forestry
- Emergency Response
- Tailgating
- Festivals

POWER...EVERYWHERE YOU ARE!

POWER WHERE YOU WANT...WHEN YOU WANT!

Almost everything we have requires electricity, but electricity is not always available. Whether in your backyard, camping or on the trail, GoSol RP provides power to your everyday devices.

With a completely weatherproof case, GoSol RP's built in solar panel converts sunlight to electricity. An internal battery charged by the sun provides AC and USB power so you can connect wherever life takes you.
