GoTo IndraDrive C Power Sections - Ship in 10 days or less

IndraDrive sets new standards in drive technology with a combination of three product advantages: scalability in power and functionality, consistency in technology, engineering and operation and openness in communication. The IndraDrive C series of converters integrate inverter and power supply in one unit. The compact construction contains additional mains connection components, making it particularly suitable for single and multi axis applications.

Key application advantages include:

- Ethernet-based communications, multi-protocol support: SERCOS III, Profi Net IO, EtherNet/IP and EtherCat
- Compact converters and modular inverters on one platform
- Integrated motion logic with IEC-compliant PLC
- Drive-integrated safety technology
- Energy efficient product - DC bus sharing
- Standard , Servo and Synchronization modes available
- Complete range of scalable drives
- Digital inputs/outputs and analog input on board
- Intelligent operating panel with programming function supports device swap without a PC
- Integrated brake resistor, alternative an external brake resistor can be connected

Products:

Type Code	Description
HCS02.1E-W0012	IndraDrive C
HCS02.1E-W0028	IndraDrive C
HCS02.1E-W0054	IndraDrive C
HCS02.1E-W0070	IndraDrive C

Shipment Info: All of the products listed above have a shipping time of 10 days or less.
