

Maintenance

Normal operating conditions

Ambient temperature Temperature must not fall below dew point	0 °C ... 40 °C	
Load	See technical data	
Travel speed	3 m/s	
Travel	> 150 mm	
Contamination	Not permitted	

Design notes

 **Moved parts:**
Safety devices and guards necessary

 **For vertical installations:**
Arresting devices necessary to protect against falling loads

Intended use

The product is an assembly.

The product may be used in accordance with the technical documentation (product catalog) for the following purposes:

- for precise positioning in space.

The product is intended exclusively for professional use and not for private use. Use for the intended purpose also includes the requirement that you must have read and understood the product documentation completely, in particular these “Safety instructions”.

The product is exclusively intended for incorporation into a final machine or a system or for assembly to other components for the purpose of building a final machine or a system.

Misuse

Use of the product in any other way than as described under “Intended use” is considered to be misuse and is therefore not permitted. If unsuitable products are installed or used in safety-relevant applications, this may lead to uncontrolled operating statuses in the application which can cause personal injury and/or damage to property. The product may only be used in safety-relevant applications if this use has been expressly specified in the product documentation and is permitted, e.g. in zones with potentially explosive atmospheres or in safety-critical parts of a control system (functional safety).

Bosch Rexroth AG will not accept any liability for injury or damage caused by misuse of the product. The risks associated with any misuse of the product shall be borne by the user alone. Misuse of the product includes:

- the transport of persons
